Continuation of Substance of Interview including description of the general nature of what was discussed:

The original specification & claims submitted 3/16/2004 with filing, were required to be replaced due to legibility problems, thus substitutes were provided 5/5/2006. However, also submitted on 3/16/2004 with filing was a preliminary amendment to both specification & claims, which now predates the substitute claims & specification, which improperly returned the claims & specification to their original, unless the preliminary amendment is resubmitted to provide the appropriate date order, thus obviating the confusion caused by the dates. A message was left on Mr. Pysher's answering machine with respect to this problem on 10/10/2007. On a return call, the same day, Mr Pysher agreed to resubmit the preliminary amendment.
